

*Traditionally, domestic bliss - marriage, children, responsibilities - spells the end of motoring pleasure.*

*The proof that this need not be so is provided by the astonishing new Speed 8 - TVR's first 2+2 convertible.*

*The Speed 8 provides the electrifying performance and high levels of luxury for which the marque has become famous. But now, four people can indulge in those pleasures, instead of just two.*

*The Speed 8 offers a choice of two all alloy V8 engines: a 240 bhp, 270 ft. lb torque, 3.9 litre unit and a 4.3 litre developing 286 bhp and 300ft.lb of torque. (Your dealer will be happy to translate the numbers into top speeds and acceleration times).*

*Because the Speed 8 has been designed as convertible, rather than being a chopped down saloon; the fully independent suspension, rigid chassis and immensely powerful all-round disc brakes allow every ounce of the car's performance to be safely, comfortably and, above all, enjoyably used.*

*Finally, the completely individual appeal of the Speed 8 is underlined by the fact that each interior is finished to the customer's own requirements - and that there's a choice of 10,000 paintwork colours.*

*So, before you allow family commitments to force you into a family saloon, consider the TVR Speed 8. We think you'll agree that our 2+2 has no equals.*

*Illustrates Speed Eight interior complete with options including Full Hide trim and Wilton Carpets.*
