

RO Expectations

The Minimum

- Thinking as a member, what do you feel are the minimum expectations you would have about your closest Club representative?

The Minimum

- From a Committee perspective we feel that these are pretty much the baseline expectations
 - Run the region for the members
 - Monthly Meetings
 - Regional Reports
 - Events
 - Communications
 - Forum use

For the Members

- You are part of a wider TVR Car Club and it is your role to promote the Club and encourage membership
- Members **MUST** get priority

Monthly Meetings

- **Organise a regional meeting at least once a month and attend most months.**
- **Where you can't attend organise a substitute 'welcomer' (DRO if you have one).**

Regional Reports

- **Generate a Sprint report every month if possible but a minimum of one every quarter.**

Car Club®

Events

- Organise at least two other events during the summer season for your region that are not just monthly meetings
- Support national and local regional events

Communicate

- **Publish a list of all your events and meetings on your forum and website and provide details for Sprint and the Main website as appropriate**

Forums

- **Put details of the region's activities on the Club Forum and encourage Forum use.**
 - **We won't linger on e-groups but they should be viewed as additions not replacements**
 - **Catch 22 the Forums don't get updated as there is little traffic but there is little traffic because they don't get updated.**
 - **Think about how PH started.**

Forums

- We cannot regulate or moderate an e group or PistonHeads
- We can and do monitor, regulate, moderate and penalise and enforce our own Forum when appropriate.

Regional Website

- Update and maintain the regional website

Email Newsletter

Consider the use of a regional email newsletter
