

## Wiring Diagrams for BLACK Wiring Looms up to Chassis No 5903

- |    |  |     |                             |
|----|--|-----|-----------------------------|
| 58 | Heated rear window relay.              | 81  | Left-hand fan motor.        |
| 59 | Heated rear window switch.             | 82  | BFI unit.                   |
| 60 | Radio/cassette.                        | 83  | Left-hand speaker.          |
| 61 | Thermal overload.                      | 84  | Right-hand speaker.         |
| 62 | Courtesy light door switch right-hand. | 85  | Heated rear window.         |
| 63 | Courtesy light door switch left-hand.  | 86  | Number plate lights.        |
| 64 | Courtesy light front right-hand.       | 87  | Wiper motor.                |
| 65 | Courtesy light front left-hand.        | 88  | Reversing light switch.     |
| 66 | Courtesy light back right-hand.        | 89  | Stop light switch.          |
| 67 | Courtesy light back left-hand.         | 90  | Right-hand rear indicator.  |
| 68 | Fuel gauge.                            | 91  | Right-hand reversing light. |
| 69 | Battery condition gauge.               | 92  | Right-hand rear stop light. |
| 70 | Temperature gauge.                     | 93  | Right-hand rear fog light.  |
| 71 | Oil pressure gauge.                    | 94  | Left-hand rear fog light.   |
| 72 | Speedometer.                           | 95  | Left-hand rear stop light.  |
| 73 | Rev. counter.                          | 96  | Left-hand reversing light.  |
| 74 | Fuel sender unit.                      | 97  | Left-hand rear side light.  |
| 75 | Temperature sender unit.               | 98  | Left-hand indicator.        |
| 76 | Oil sender unit.                       | 99  | Electric module.            |
| 77 | Fibre optic light source.              | 100 | Ballast resistor.           |
| 78 | Washer bottle.                         | 101 | Coil.                       |
| 79 | Washer/wiper switch.                   | 102 | Distributor.                |
| 80 | Right-hand fan motor.                  |     |                             |
