Body

2 seat, 2 door convertible laid up by hand in glass reinforced resin. Each body is finished with four priming coats and a minimum of four top coats of two pack paint. Each customer can choose from the extensive TVR colour range or, for a modest extra charge, your car can be finished in virtually any colour you wish. Laminated front windscreen with semi-frameless electrically operated door windows are standard. Single targa roof panel with fold down rear header-rail hand trimmed in a range of colours in Mohair Fabric.

Interior

Individual seats with adjustable head restraints trimmed in ambla. Half leather and full leather are available as an option. The interior is hand tailored to customer colour choice from our extensive range of interior trims. Comprehensive dashboard instrumentation includes speedometer, tachometer, oil pressure, water temperature and fuel gauges together with voltmeter and electric clock.

Chassis

Jig formed multi tubular, steel frame backbone chassis with outriggers, phosphated and polyester coated for corrosion resistance.

Suspension

FRONT - Independent with unequal length fabricated wishbones with coil over springs and adjustable telescopic shock absorbers and anti roll bar.

REAR - Independent semi trailing arms with coil springs with adjustable telescopic shock absorbers and anti roll bar. Constant velocity sliding driveshafts from the centrally mounted differential.

TVR GRIFFITH SPECIFICATION

Braking

10.6" ventilated front discs with 9.9" rear discs. Servo assisted with front/rear split twin circuits. Cable operated handbrake working on the rear system. Hydraulic fuel level and handbrake warning light.
